This year we have made a change in the technology that we use to monitor students' reading ages, during their fortnightly library based reading lessons. These lessons now involve students engaging with the Bedrock system which guides them through a selection of texts, vocabulary and grammar based exercises.

Bedrock teaches Tier 2 vocabulary (high-frequency, challenging words), as well as subject-specific Tier 3 vocabulary (words relating to a particular topic) by exposing students to a range of fiction and non-fiction texts. The curriculum is personalised for each learner and takes them on a learning journey appropriate to their ability and knowledge. The system automatically generates and assigns learning content to students, marks the work produced and delivers personalised content based on results.

A wealth of research finds that vocabulary and grammar are learned best in the context of rich, authentic (genuine, real-life) texts. By reading such texts on Bedrock, students grow their cultural capital and understanding of the world from the wide selection of topics on offer.

This is a change from the Accelerated Reader platform we used previously and; we have invested in new tablets and headsets to ensure that students have the best experience in their library lessons to engage with such a fantastic platform.

As a school, we are incredibly proud of our students for their engagement with Bedrock. A special congratulations to the students below for their incredible effort and progress on Bedrock this academic year!

READING AT MARSHALLS PARK

As a school, we passionately believe in the power of reading; reading a wide range of texts can expand horizons and develop our learners into globally aware citizens. As such, we have established a Period 6 reading canon for KS3 and utilise the online platform Bedrock to support students’ literacy and vocabulary.

MPA Literary Canon

In Period 6 sessions, KS3 students are exposed to the MPA reading canon, a list of fiction texts that cover a range of diverse texts of literary merit. The ability to read and comprehend is vital at GCSE, as the reading ages of the GCSE papers across all subjects are high. Research has shown that reading fluency can be addressed through reading aloud, hence the Period 6 reading sessions where tutors model reading to students. We hope that students engage with reading and take the opportunity to visit the library regularly to see what other books there are that could capture their interests, based on the current book they are reading in form.

Are there any other books you would recommend for the MPA reading canon? Speak to your English teacher!

Year 7	Year 8	Year 9
Cirque du Freak	The Railway Children	One
Tom’s Midnight Garden	Trash	Lord of The Flies
A Little Piece of Ground	Refugee Boy	The Book Thief

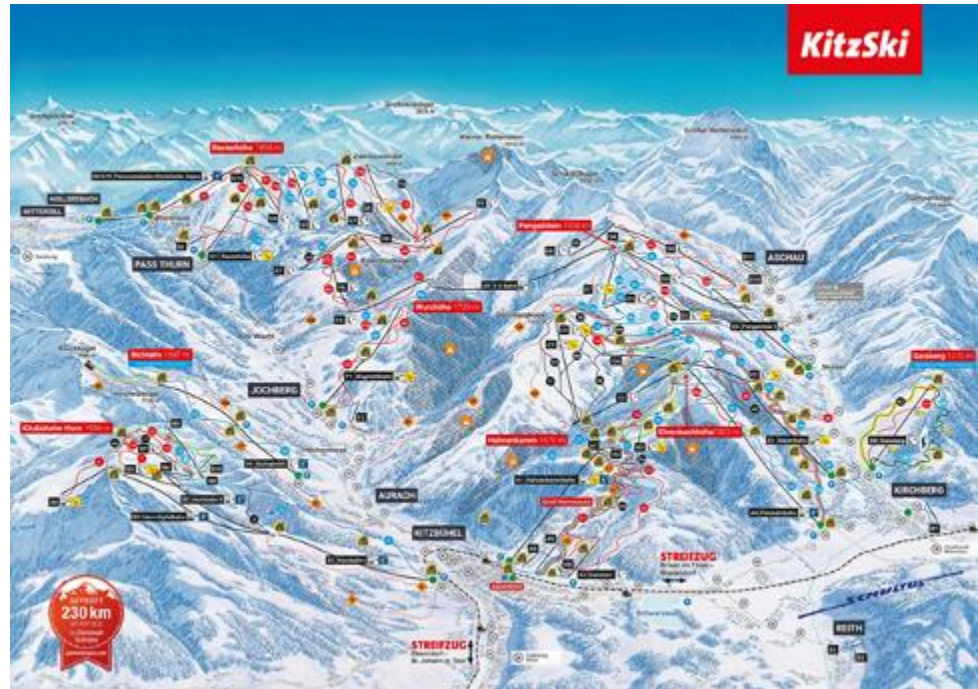

MPA SKI TRIP 2024

Over the February half term Mr Aylett, Mrs Aylett, Mr Bezant, Mr Fearon, Miss Nagasuye and Mr Baxter will be accompanying 42 students on a ski trip to Kitzbuhel in Austria.

The group will be staying at the Hotel Gasthof Schweizerhaus

Skiing all over this beautiful mountain range:

If you are looking to keep yourself entertained during half term make sure you keep an eye on the PE and Drama Twitter accounts (@MPS_PE and @MPA_Drama) as we will be posting regular updates, photos and videos throughout the week!

You may want to pay special attention to what we have in store for Carnival Day, known locally as Ski Fasching! Previous years have seen us partake in 'Tash Wednesday' and 'Onesie Day'

If you'd like your son/daughter to participate in the trip next year, letters for the 2025 tour will be released in March.

SPORTS NEWS

Sports Hall Athletics

On Thursday 18 January we took a group of Year 7 and 8 pupils to compete in the Sports Hall Athletics competition held at Harrow Lodge Sports Centre in Hornchurch.

Students participated in a range of different field and track events during the day, including obstacle courses, races, standing long jump, triple jump and many more.

Our pupils were a credit to the department and the school, working extremely hard and giving the competition their all. Despite some impressive individual performances, our Year 7 girls' team placed highest overall, achieving a ranking of 6th across the borough.

A big well done to all who competed, further pictures (including action shots) are available to view on 'X' (formerly Twitter).

Year 11 Basketball - MPA 47 - 33 Coopers

The Year 11 started the defence of their title away at Coopers. There was some superb link up play to create space for the attacking plays that we have been working on.

This now has MPA on SIX points after Bower Park forfeited, and on course to make the semi-finals once again.

Havering Swimming Gala 2024

On Tuesday 30 January and Wednesday 31 January the Havering schools swimming galas took place hosted by Abbs Cross. A very successful competition was held on both days with many successes from Marshalls Park Academy swimmers. We are so incredibly proud of the students who wanted to swim because the swim outside of school!

HAVING PANATHALON

On Wednesday 17 March, eight pupils represented Marshalls Park at the annual Haverling Panathlon Challenge. Held at Drapers Academy, the competition was between five schools who all took on a series of different challenges in a round robin format.

The first game had our students aiming to hit skittles with a basketball, in which Amy performed very well. We then moved onto a table cricket rally game, in which MJ and Tom managed to achieve a maximum points score! The team then took on the bean bag toss game where Reyan managed to hit multiple 12 pointers! The next game involving the students was the Boccia Blast, where Grady and Amelia showed fantastic accuracy. Indoor curling was the penultimate game in which Noelle performed excellently and the final game saw Ellis achieving a maximum score on the basketball toss.

At the end of the event, the winners were announced and, we are proud to report, Marshalls Park took the victory. Students were very happy with their performance, and it was great to win a competition, after narrowly missing out last year. It was a pleasure to take the students to the event, their conduct and effort was outstanding throughout.

MPA Production - Hairspray

From 16 -18 January, students at Marshalls Park Academy worked together to put on the American classic 'Hairspray'. Students from Year 7 through to Year 11 collaborated to produce some wonderful theatre. With Year 11 Lissy Neal as the lead 'Tracy Turnblad', our students took our audiences on a journey through racial tensions in Baltimore in the 1960s.

The dance, music and drama departments all worked together to put this show on and we could not be more proud of what they achieved!

One of the evenings was particularly affected by tech issues (the backing track completely cut out). Instead of panicking, our cast worked together as an ensemble, showing professionalism and real maturity. The show must go on!

We now look forward to the next production for Key Stage 4... 'The Trials', a dark play about the environment. More information to follow soon.

Congratulations to the cast of 'Hairspray' 2024 on a fabulous job! Well done!

French Christmas Market Trip

In December, we had the fantastic opportunity to travel to France with 68 Year 8 Students.

Despite the weather not being on our side, everyone was excited to embark on a French adventure, that would involve travelling by a double decker coach and ferry – for many, a first time experience -, visiting some of the most popular Christmas Markets in France, as well as a French bakery, a waffle company and Amiens Cathedral; not to mention the much looked forward to bowling game planned for the second evening.

The students have been so curious about the traditional process of making bread and waffles and have admired the colours and beautiful architecture of Amiens Cathedral. For us staff, it was so rewarding to see students shopping at the Christmas Market or asking for a 'chocolat chaud' in French and how proudly they have represented Marshalls Park Academy in foreign lands.

Extra Curricular Events

Year 8 'The Metamorphosis' Theatre Trip

As parents of students Year 8 and upward will already know, part of the strategically challenging curriculum for Drama at MPA includes extracts from two texts by Franz Kafka. Students use an extract from 'The Trial' to practise Component 3b skills of analysing and evaluating live performance, moving on to a practical assessment based on the opening extract of 'The Metamorphosis'. For those unfamiliar with the play, 'The Metamorphosis' tells the story of travelling salesman Gregor Samsa awaking one (seemingly ordinary) morning, to find that he has been transformed into an enormous bug.

Therefore the Drama department were thrilled when the opportunity arose to take students to see a performance of the play. On Wednesday 14th February, Mr Baxter, Miss Woodhead and Ms Lawrence took 50 Year 8 students to the Lyric Hammersmith in London to watch a particularly engaging production of 'The Metamorphosis'. As you can imagine it is always a lucky coincidence when a play we are studying is professionally staged, however this performance was additionally enticing due to the fact that it marked a key collaboration between the world-renowned poet Lemn Sissay and the internationally acclaimed Physical Theatre company Frantic Assembly.

Students were impeccably behaved and a credit to the school. We are confident that their exposure to such top quality, challenging work will have an incredibly positive impact on the work they produce in lessons. What a way to spend Valentine's Day by fostering a love of top quality theatre!

'SIX' THEATRE TRIP

On Thursday 1 February 2024 the Dance department took 48 students, from year groups across the school, to the Vaudeville Theatre in London for their first theatre trip of the year.

'Six' is a modern retelling of the lives of the six wives of Henry VIII, presented in the form of a pop concert! Although readers may be familiar with this bit of history, this is a retelling you have never heard before. The musical begins with the six women arguing about which of them had the toughest time as Henry's wife. However as they listen to each other's stories, conveyed through the medium of song, they open their hearts to one another and realise it's better to stick together than to fight each other.

Staff and students thoroughly enjoyed the show and were more than happy to join in with a rapturous standing ovation at the end of the performance.

Extra Curricular Events

Brilliant Club

At Marshalls we are proud to work with the Brilliant Club who run the Scholars Programme which supports students who are less advantaged to access the most competitive universities and succeed when they get there.

The programme targets students who are least likely to access the most competitive universities because of their background. In a nutshell, creating a world in which everyone has a fair chance to access the life-changing opportunities that come with attending a competitive university. One may ask how this happens? It is through the tutorials, students experience university-style learning and completing a challenging final assignment to build the knowledge, skills and confidence needed to progress to university. The programme also includes two trips to universities, so students can learn about university life. On completion of the programme, students will visit a university for a Graduation Event to celebrate their achievements and build their understanding of higher education, helping them make informed choices in the future and believe that they can succeed in university-style learning.

The Scholars Programme is rigorous and robust. At Marshalls we are also able to track the outcomes of our students, whilst also focusing on key skills that support academic achievement and university preparedness. These include written communication, subject knowledge, critical thinking, and university self-efficacy.

The feedback from our students involved demonstrates the impact the programme is already having on them.

One of our students said: *"I am so glad I am on this programme."*

Another student said, *"I wish we could have it every day because so far, I have learnt a few things on sustainability in buildings. Looking forward to more!"*

A third student articulated our Brilliant Club as *"opportunities to discover and learn about topics we wouldn't normally come across in our usual lessons."*

Some of our students are shown during a session. As we journey, we will have more exciting news to inform all our readers.

Student Achievements

CYCLE CONFIDENT

CYCLE
CONFIDENT

During the penultimate week in January a group of six students from Year 7 and 8, who are regular bike riders, took part in a Cycle Confident course in order to ensure they are as safe as possible when riding to and from school.

Over the week the students had the opportunity to develop good habits when riding alongside other cyclists, as well as a greater awareness of how to navigate more complex roads. This included experiencing busier roads, more complicated junctions, and faster roads with speed limits above 30mph.

The instructors were impressed with how well the group progressed throughout the week, becoming more confident with how to handle junctions controlled by traffic lights, multi-lane roads and cycle lanes. They also developed increasing competence in being able to read the road and respond safely when a situation changes quickly, for example, when a vehicle pulls out in front of you unexpectedly.

As a result of this our students covered a lot of the borough on the bikes, clocking up an impressive 15 miles in one day alone! Well done to all involved.

FUTURECHEF

Armaan Mhatey (year 9) represented Marshalls Park at the FutureChef semi-final last week. He created the most amazing flavours in his two dishes; Moroccan young lamb tagine and mint panisse with spiced prunes and apricots followed by a traditional Moroccan celebration dessert called a 'Jawhara' which is almond custard millefeuille with toasted sesame, almonds and candied rose petals. He was extremely professional, calm and well organised throughout the whole competition and was a perfect example of how our students represent our school.

Armaan came second in the competition and instead of being upset that he didn't win he said "That's ok, I will just come back and win next year!"

REWARDS AT MPA

Commendation Awards

This term we have 338 students who have earned their Bronze Award for 100 merits.

Golden Tickets

Since January 9 students have been recognised for their ongoing hard work in lessons and have been awarded our Golden Ticket keyring:

Nathan F – 7A
 Simran N – 7A
 Fabian S – 7A
 Gabriel M – 7C

Sadie M – 8D
 Olly F – 8F
 Mariyan Y – 8G
 Lucas N – 8H

Armaan M - 9C

CANTEEN NEWS

Catering at MPA

As I'm sure you will be aware from our posts on social media, our canteen staff have been as busy as ever this year creating fun themed days for our students, in order to add variety to an already comprehensive lunchtime offer. We thought we would take this opportunity to give you an insight into the offer to students on these days.

International Sticky Toffee Pudding Day

On 23 January we celebrated International Sticky Toffee Pudding Day a traditional British dessert. The sticky toffee pudding dates back to the 1940s when two Canadian air force officers met up with a hotel manager in Lancashire during World War II. They shared the recipe with Patricia Martin, running the hotel at the time. Only several decades later, the recipe was then passed to Francis Coulson and Robert Lee, who were the first people to bring this dessert to the public!

February Themed Days

In February we celebrated International Chocolate Cake Day, Chinese New Year, Valentines Day, Pancake Day and International

Brain Food Goodness Day

The foods you eat play an important role in brain health. It was great to see what a hit our brain food goodness day was with the students. The displays educated students of the delicious foods they can enjoy which have the added benefit of supporting brain health.

Remember you can keep up to date by following the school's dedicated Facebook page and Twitter accounts. Students and parents are reminded that the CEOP unit advise that only children over the age of 13 should have access to social media accounts		

Equipment List

The school holidays provides an ideal opportunity to check students have the correct uniform and all of the equipment they need.

Students should ensure they have the following:

Pencil case (preferably named) which contains:

- 2 x pens
- 2 x pencils
- Rubber
- Sharpener
- Highlighter
- Ruler
- Protractor

Scientific calculator

Pair of Compasses

A good reading book

Re-fillable water bottle

Packet of tissues

Optional – a small notebook

Good to know:

Textbooks and exercise books will be given to students in lessons

PE kits should be brought school on the days when students have PE and not left in school overnight

Please ensure uniform and PE kit is clearly named so lost items can be returned

Students will have storage units and hooks in their form rooms where coats can be left (at their own risk so do not leave valuables in them) during the day – we do not have lockers

Extra Curriculum Clubs!

At Marshalls Park Academy participation in extra-curricular activities is strongly encouraged. We pride ourselves on developing confident and resilient individuals who are well rounded and able to meet the challenges of life in the 21st century. Our extra-curricular programme is designed to provide opportunities for students to explore various activities, develop new skills and nurture existing interests. Students are encouraged to commit to regularly attending at least one extracurricular activity each half term.

Take a look at the table on the page overleaf, how many has your child attended?

Please continue to monitor our website and social media channels to see which clubs will be offered for the remainder of the Spring Term.
